

## **Network of Excellence ACTINET**

“Network for Actinide Sciences”

NB. Concerns support available within the ACTINET partner organisations and governed by the rules established by the ACTINET consortium.

### **Persons eligible for support**

Individual especially young scientists (PhD/Post-docs) from ACTINET partners

Non-ACTINET organisations may participate in joint proposals with ACTINET members, but cannot be financially supported through ACTINET

### **Emphasis**

Providing and training of excellence within the actinide sciences, especially research work at pooled facilities

### **Specific requirements**

Proposals need at least two partners from at least two ACTINET member states

### **Possible support**

Mobility from few weeks to a year or more, including meetings with involved senior scientists

Training courses, summer schools also organised by ACTINET (places available to non-ACTINET members)

### **Call frequency**

Approx. bi-annual (internal ACTINET call for research proposals)

### **Expected processing time**

About two months for decision and reply, no further waiting time for implementation

### **Contact**

Coordinator of NoE ACTINET: Pascal Chaix, CEA ([chaix@aquilon.cea.fr](mailto:chaix@aquilon.cea.fr))

Coordinator Geochemistry: Reinhardt Klenze, FZK-INE ([reinhardt.klenze@ine.fzk.de](mailto:reinhardt.klenze@ine.fzk.de))

### **Application forms and documents required**

Information direct from contact persons (see also <http://www.actinet-network.org/>)
